Schriftmuster der URW EuroWorks von 1993

Dieses Zusatzdokument **EuroWorksM.pdf** zeigt aus Platzgründen nur Schriftmuster von geraden Schriftschnitten, also kein Kursiv. Auch sonst wurden viele Varianten weggelassen (z.B. werden von den 20 Schriftschnitten der ITC Franklin Gothic nur 4 gezeigt, um die Datei nicht zu groß werden zu lassen). Wegen einer detaillierten Liste sämtlicher 500 Schriftschnitte siehe das Hauptdokument **EuroWorks.pdf**.

Ulrich Stiehl, Heidelberg 2006
