Typesetting Specimens of the Fonts of the „Linodobe" Library

The „Linotype" Library „Gold Edition 6.0"

Nearly 95% of the fonts of the „Linotype" library „Gold Edition 6.0" contain „copyright" notices by Adobe Systems Inc. This means that the „Linotype" library is a „Linodobe" („Linotype-Adobe") library, since Adobe Systems – via its copyright notices – claims to be the exclusive owner of the „intellectual property" of 95% of the „Linotype" Library fonts. For more details read http://www.sanskritweb.net/forgers/linodobe.pdf).
