TURBOCHARGE YOUR FONT COLLECTION!

Looking for some new fonts for your Windows Word Processor, Desktop Publisher or drawing package? Well look no further - this massive collection contains over 3000 True-Type fonts in all different styles, shapes and sizes!

In the tradition of all Super Oz Shareware Products this CD-Rom comes complete with the 'Super Font Browser' for Windows - specially designed for the novice user. The 'Super Font Browser' allows you to manage your new font collection including great features such as:

- Preview fonts without first installing them.

- Install fonts at the click of a button without using the Windows Control Panel.
- Print previews of individual or groups of fonts!
- Context sensitive online Help system.
- Full Support for Windows '95 Autoplay!
- A great looking SVGA (256 Color) User interface!
